Dear Juanita Gunter,

Thank you for sending this information however, it is not what was requested. There appears to be some confusion between two different requests I've made. Please review the attached document dated February 24, 2009 which was sent to your office along with a payment of \$25 for copies of the actual euthanasia log sheets for Santa Cruz and Watsonville shelters. For your convenience, I've pasted the applicable part of that letter below which can be found on page 2. I'm also sending you a copy of my original request dated November 25, 2008 for your reference.

=====

Public Records Request PR055

I'm returning your invoice with a payment of \$25.00 separately to the Billing Division for Santa Cruz and Watsonville euthanasia records. It is my understanding from correspondence with you that you will be providing copies of the actual euthanasia log sheets in PDF file format. Copies can be sent electronically to my email address

bjensen@sheltertrak.com

or copied to a CD and sent to the mailing address below.

=====

Will you be providing copies of the actual euthanasia logs in pdf file format?

Regards,

Brad Jensen
Cypress, CA

Dr. Mr. Jensen,
We have received your payment for Public Records Request PR055.
Attached you will find the euthanasia records for both the Watsonville and the Santa Cruz shelters for the period of January 2007 through January 2009 in the MSEXcel file format as you have requested.
The data for the animal impounds for both shelters for the same time period (PR054) will be sent as soon as the payment is received. << euth stats by shelter sv.xls >>
<< euth stats by shelter wat.xls >> Best regards,
Juanita Gunter
