I just needed to verify there were no problems in scanning, that all you rec'd was scanned and that there was no additional information on the backside of these reports that may have been missed. Thank you for confirming this for me.

Hi Brad,

Copies provided are all one sided. There are some reports with 2 pages. Just separate them by month and if you think there is something missing I will check with staff who provided them to me.

Angelina

Dear Angelina,

Would you please confirm that there were no problems encountered when scanning the 2009 monthly reports and that all information from the reports (ie front and back if applicable) was captured in the scanned PDF file you sent? Thanks.

Regards,

Hi Brad,

I just received the paper copies of the reports which staff just received. There is no electronic copy. I am supposed to send you a bill for \$0.10 per page if I have to send the copies by U.S. mail. To avoid charging you, I scanned the copies all at once (it will take time to scan separately by months). You can pretty much separate the reports. Hopefully this e-mail will go through (I usually cannot send more than 25 pages attachments).
