**VIA E-MAIL**

Dear Mr. Jensen:

This letter responds to your Public Records Act request to the Mayor's Office, regarding Animal Services.

Other than the documents described in subsequent paragraphs below, there are responsive documents that are exempt and being withheld because their disclosure would reveal either our office's deliberative process, or data used to administer an examination for employment, or both. Government Code sections 6254(g) and 6255 permit non-disclosure because the public interest served by withholding this information clearly outweighs the public interest served by their disclosure.

Regarding request number one, the contract is available from the Personnel Department. You may direct a request to Bruce Whidden, Public Information Director, Personnel Department, 700 E Temple St, Los Angeles, CA 90012.

There is one responsive document in the possession of the Mayor's Office that we are producing, a job bulletin entitled, "General Manager Animal Services." It is emailed with this letter in Portable Document Format (PDF).

Very truly yours,

Gregg W. Kettles  
Deputy Counsel to the Mayor
